

WOMEN IN ENGINEERING
AFFINITY GROUP

ABOUT US

IEEE WIE is a global network of IEEE members and volunteers dedicated to promoting women engineers, scientists and inspiring girls around the world to follow their academic interest in a career in engineering and science.

IEEE WIE SB ASIET consists of 36 active and vibrant members who work selflessly for upbringing the group.

Our goal is to facilitate the recruitment and retention of women in technical disciplines globally.

Through volunteering and conducting various technical and non-technical activities and tackling all the odd, we have managed to provide opportunities and better events that gave a great exposure to the students especially girls.

IEEE Women in Engineering Affinity Group of the Year Award

The IEEE Women in Engineering (WIE) Affinity Group of the Year Awards are given annually to one IEEE WIE Affinity Group and one IEEE WIE Student Affinity Group that have shown outstanding leadership and initiative in organizing activities.

Basis of selection

Award selection is based on:

- Quality of activities and programs sponsored/co-sponsored by the affinity group
- Quantity of activities and programs
- The number of participants at regular meetings and other activities and programs
- Demonstrations of outreach programs to young women
 - The number of people served by the outreach
 - Communication with its members
 - Growth of affinity group membership
 - Affinity group website (if available)

IEEE Women in Engineering Student Branch Affinity Group of the Year Award

The IEEE Women in Engineering (WIE) Affinity Group of the Year Awards are given annually to one IEEE WIE Affinity Group and one IEEE WIE Student Affinity Group that have shown outstanding leadership and initiative in organizing activities.

Basis of selection is same as that of IEEE Women in Engineering Affinity Group of the Year Award.

WHAT WE LACK?
?

“We hold ourselves back in ways both big and small, by lacking self-confidence, by not raising our hands, and by pulling back when we should be leaning in. We internalize the negative messages we get throughout our lives — the messages that say it’s wrong to be outspoken, aggressive, more powerful than men.” — Sheryl Sandberg

- ◆ **We lack technical activities.**

PRIVILEGES OF WIE

- ❖ **Discounted registration to the annual IEEE WIE International Leadership Conference, regional International Leadership Summits, and other IEEE WIE events**
- ❖ **Networking opportunities – get involved locally with an IEEE WIE Affinity Group.**
- ❖ **Gain Expertise and Open Career Doors**
- ❖ **Build a Network**
- ❖ **Join and participate in discussions on various technical interests**
